Overpayments

If you overpay, the current receivable will be paid and closed. A credit will be applied to a future receivable.

Key Points to Ensure Billing Accuracy

We strongly encourage you to conduct a monthly reconciliation of your statement to ensure it correctly reflects all enrollments for employees and annuitants. Reconciliation ensures you are accurately billed and that only eligible members are receiving benefits.

Below are helpful reminders for a successful reconciliation:

- Submit approved resolutions for contract changes timely.
- Report health enrollment transactions accurately and timely to ensure they will be reflected on the statement. Retain Health Benefits Plan Enrollment and Declaration of Health Coverage forms on file for all employees.
- Confirm health enrollment changes by reviewing the Monthly Employer Billing Roster in myCalPERS. Ensure coverage of eligible members only, plus the accuracy of their retirement system and medical group enrollment.
- Process permanent separation dates for members or deletion of dependents into myCalPERS timely to allow for the maximum refund (six months) of health premiums. For more information, refer to [Circular Letter 600-215-05 \(PDF\)](#).

- Update the Health PA Billing contact in myCalPERS and select **Primary Contact** to ensure delivery of the monthly statement to the appropriate staff.
