

Quality, Equity and Behavioral Health – An Update

Julia Logan, MD, MPH, Chief Clinical Director
July 16, 2024

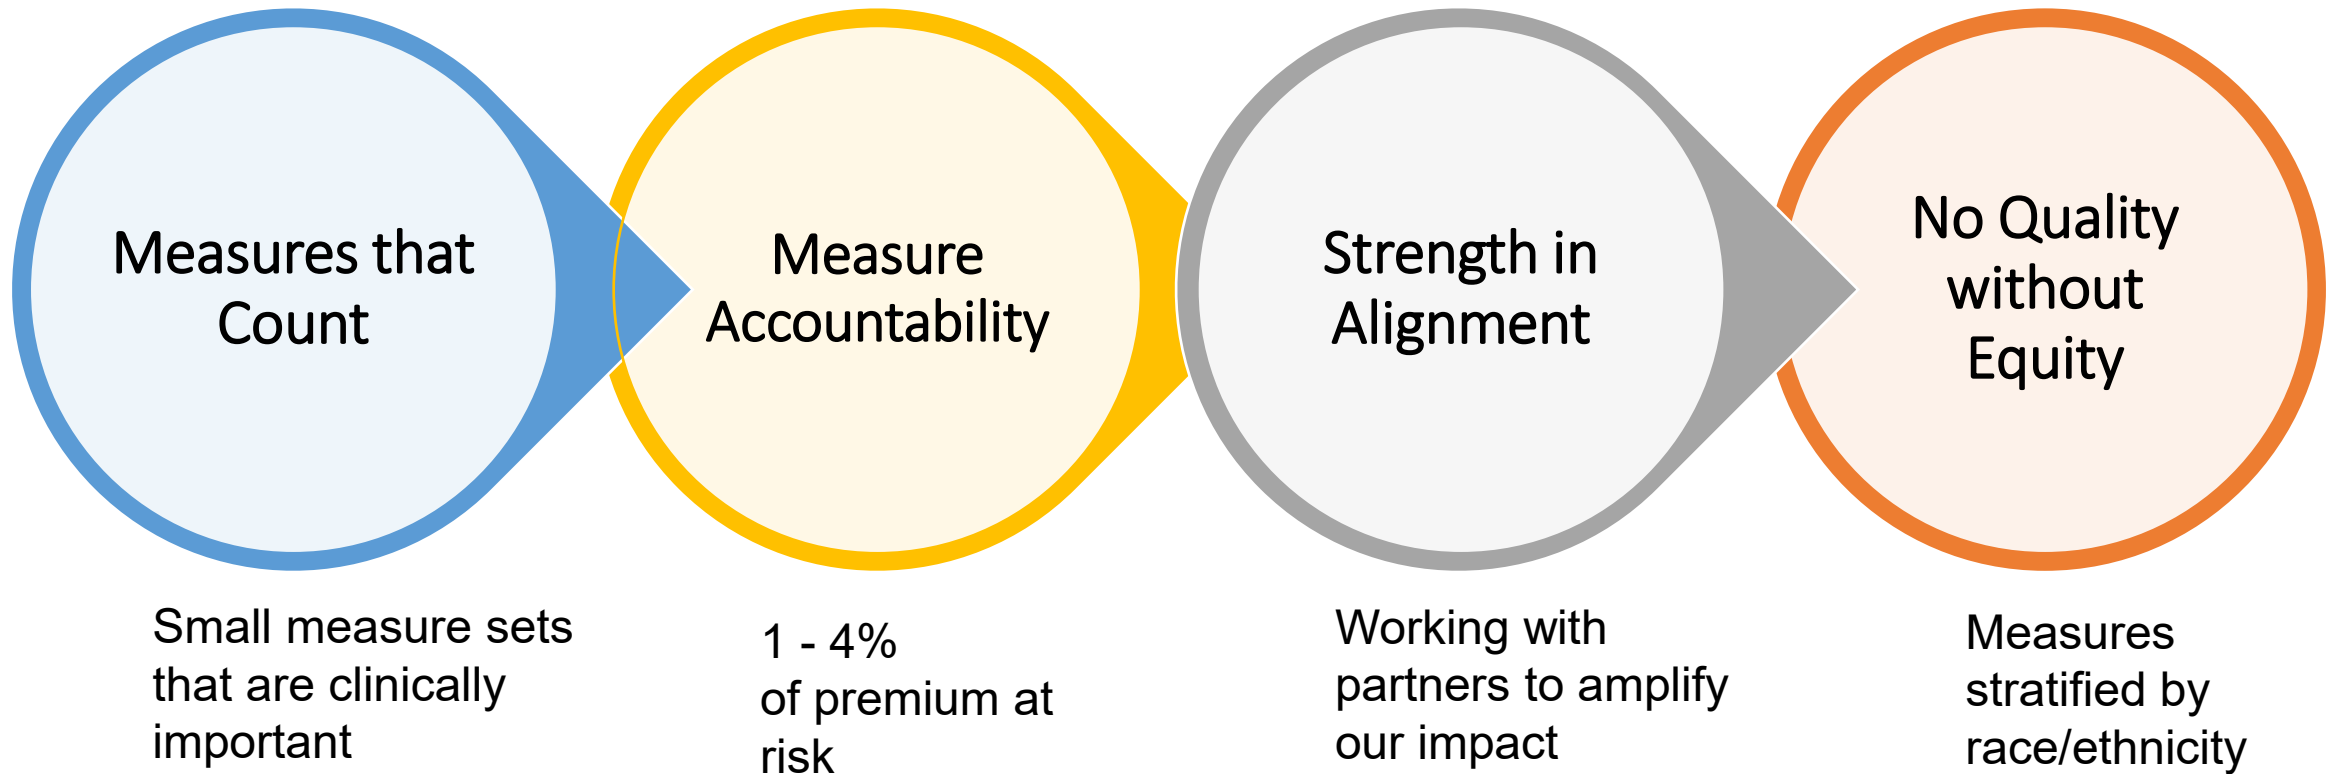

Agenda

- CalPERS Approach to:
 - Quality Improvement
 - Health Equity
- Behavioral Health Updates
 - Data Updates
 - Improving Access
 - Timely Access Survey

Exceptional Health Care

CalPERS Approach to Quality

Quality Measures Overview

Quality Alignment Measure Set

C-Section Measure

NCQA Health Plan Rating

Member Experience

Measures that Count

<p>Childhood Immunizations</p> 	<p>Colorectal Cancer Screening</p> 	<p>Controlling High Blood Pressure</p> 	<p>Diabetes Care</p> 	<p>Prenatal and Postpartum Care</p> 	<p>Depression Screening & Follow up</p> 	<p>Medication Treatment for Opioid Use</p> 
<p>For every \$1 spent on immunizations, \$29 can be saved in indirect or direct cost.</p>	<p>Following lung cancer colorectal cancer is the second leading cancer cause of death in the U.S.</p>	<p>High blood pressure can cause heart disease, which is the leading cause of death in the U.S.</p>	<p>8.9% of the U.S. population has been diagnosed with diabetes.</p>	<p>Babies of mothers who do not get prenatal care are five times more likely to die than those born to mothers who do get care.</p>	<p>Screening allows for early identification and intervention. <i>This measure is report only</i></p>	<p>Opioid treatment can help prevent overdose death. <i>This measure is report only</i></p>

Financial Accountability

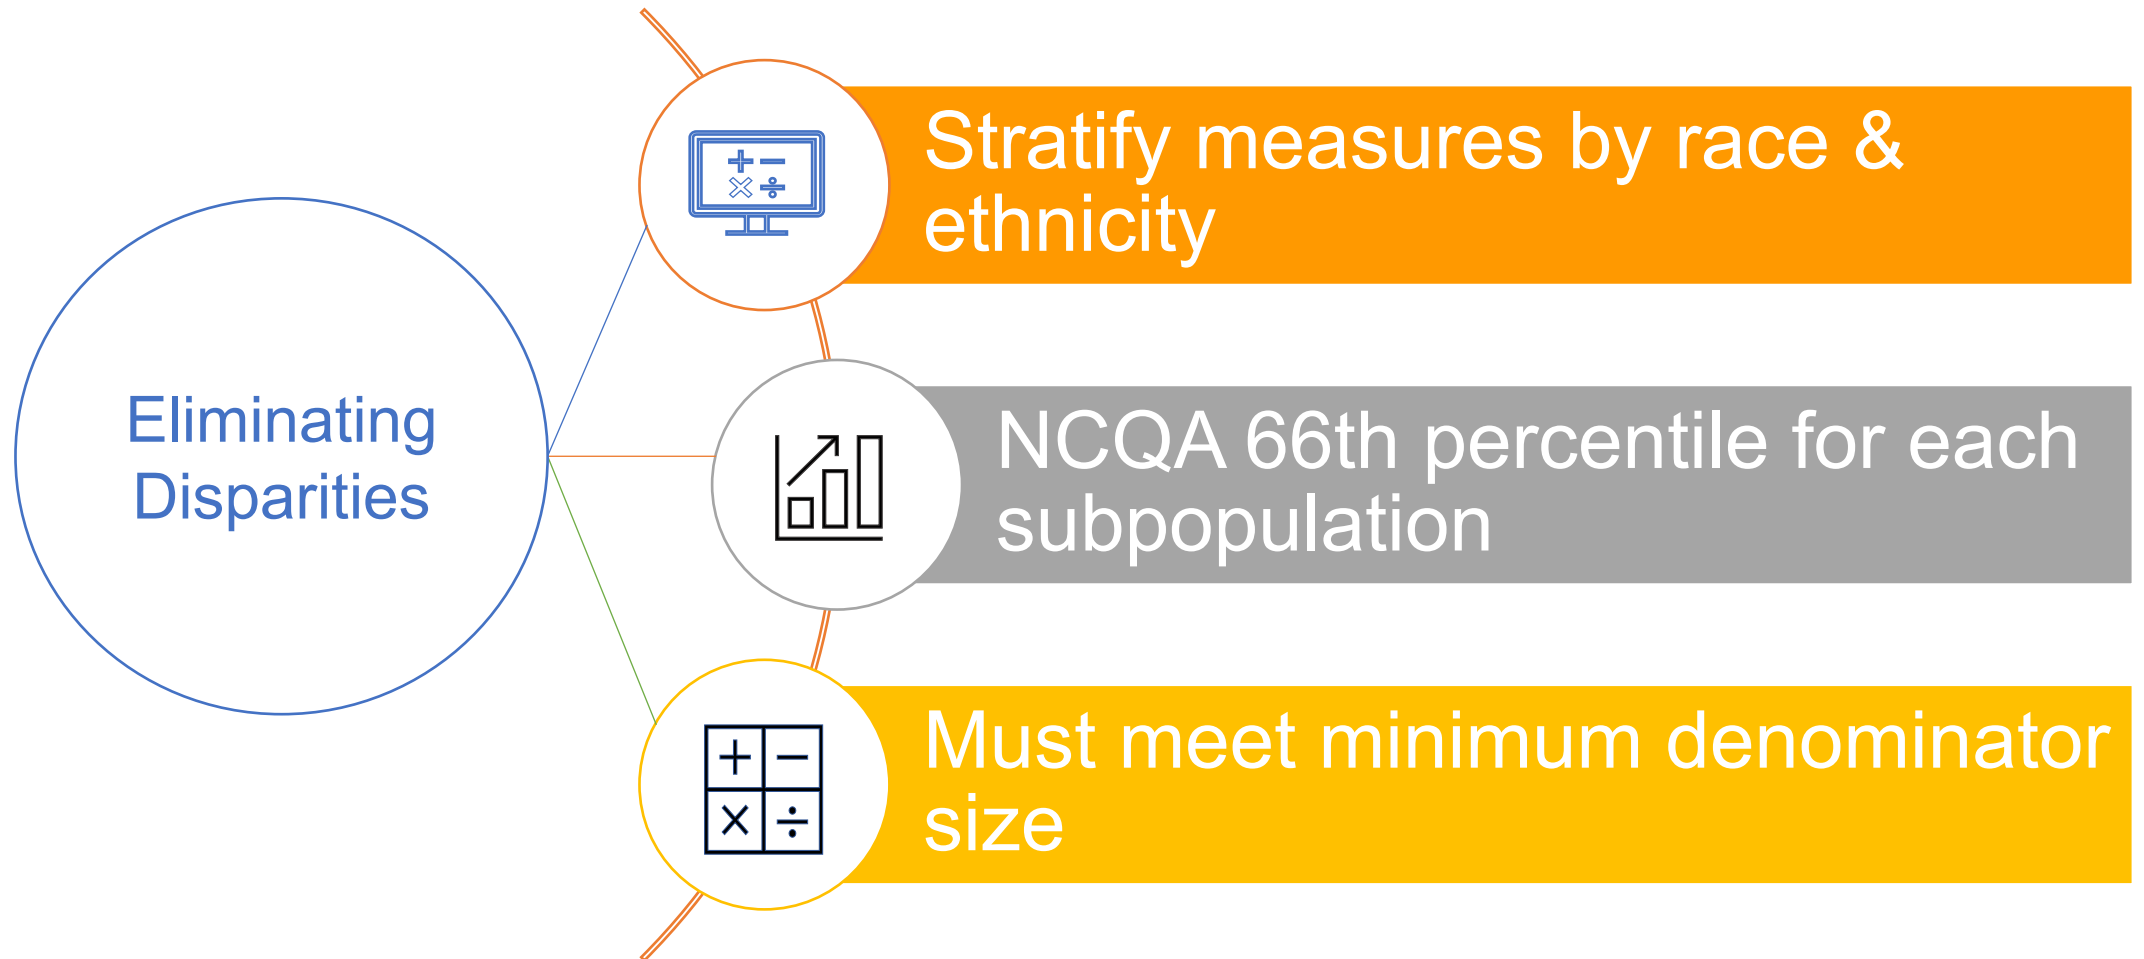

- Total at risk dramatically increased for HMO & PPO plans.
- Full payment will be collected for scores below the NCQA 25th percentile.
- A sliding scale will be implemented for each measure result between the NCQA 25th and 65th percentiles.
- For measures meeting the NCQA 66th percentile, no payment will be assessed.

Alignment to Magnify Impact

	CaIPERS	Covered California	Medi-Cal	DMHC

Behavioral Health Update

Behavioral health areas of discussion

Behavioral Health Prevalence Trends – Basic and Medicare (Ages 5+)

Basic

Diagnosis	2019	2020	2021	2022	2023
Anxiety Disorder	4.4%	5.0%	5.4%	5.6%	5.6%
Depression	5.7%	6.0%	6.3%	6.4%	6.6%
Substance Use Disorder	1.1%	1.1%	1.2%	1.1%	1.1%

Medicare

Diagnosis	2019	2020	2021	2022	2023
Anxiety Disorder	2.9%	3.1%	3.1%	3.2%	3.4%
Depression	4.9%	4.8%	4.8%	4.9%	5.2%
Substance Use Disorder	1.1%	1.0%	1.1%	1.1%	1.1%

Behavioral Health Prevalence Trends— Adolescents (Ages 12 – 24)

Percentage by Diagnosis	2019	2020	2021	2022	2023
Anxiety Disorder	5.3%	5.8%	6.7%	7.1%	6.8%
Depression	6.8%	7.3%	8.3%	8.4%	8.1%
Eating Disorder	0.2%	0.2%	0.3%	0.3%	0.3%
Obsessive-Compulsive Disorder	0.2%	0.3%	0.4%	0.4%	0.5%
Substance Use Disorder	1.3%	1.3%	1.2%	1.2%	1.2%

2023 Behavioral Health Condition Prevalence Rate – Basic and Medicare

2023 Substance Use Disorder Prevalence – Basic and Medicare

2022 Health Plan Member Survey: Member Experience

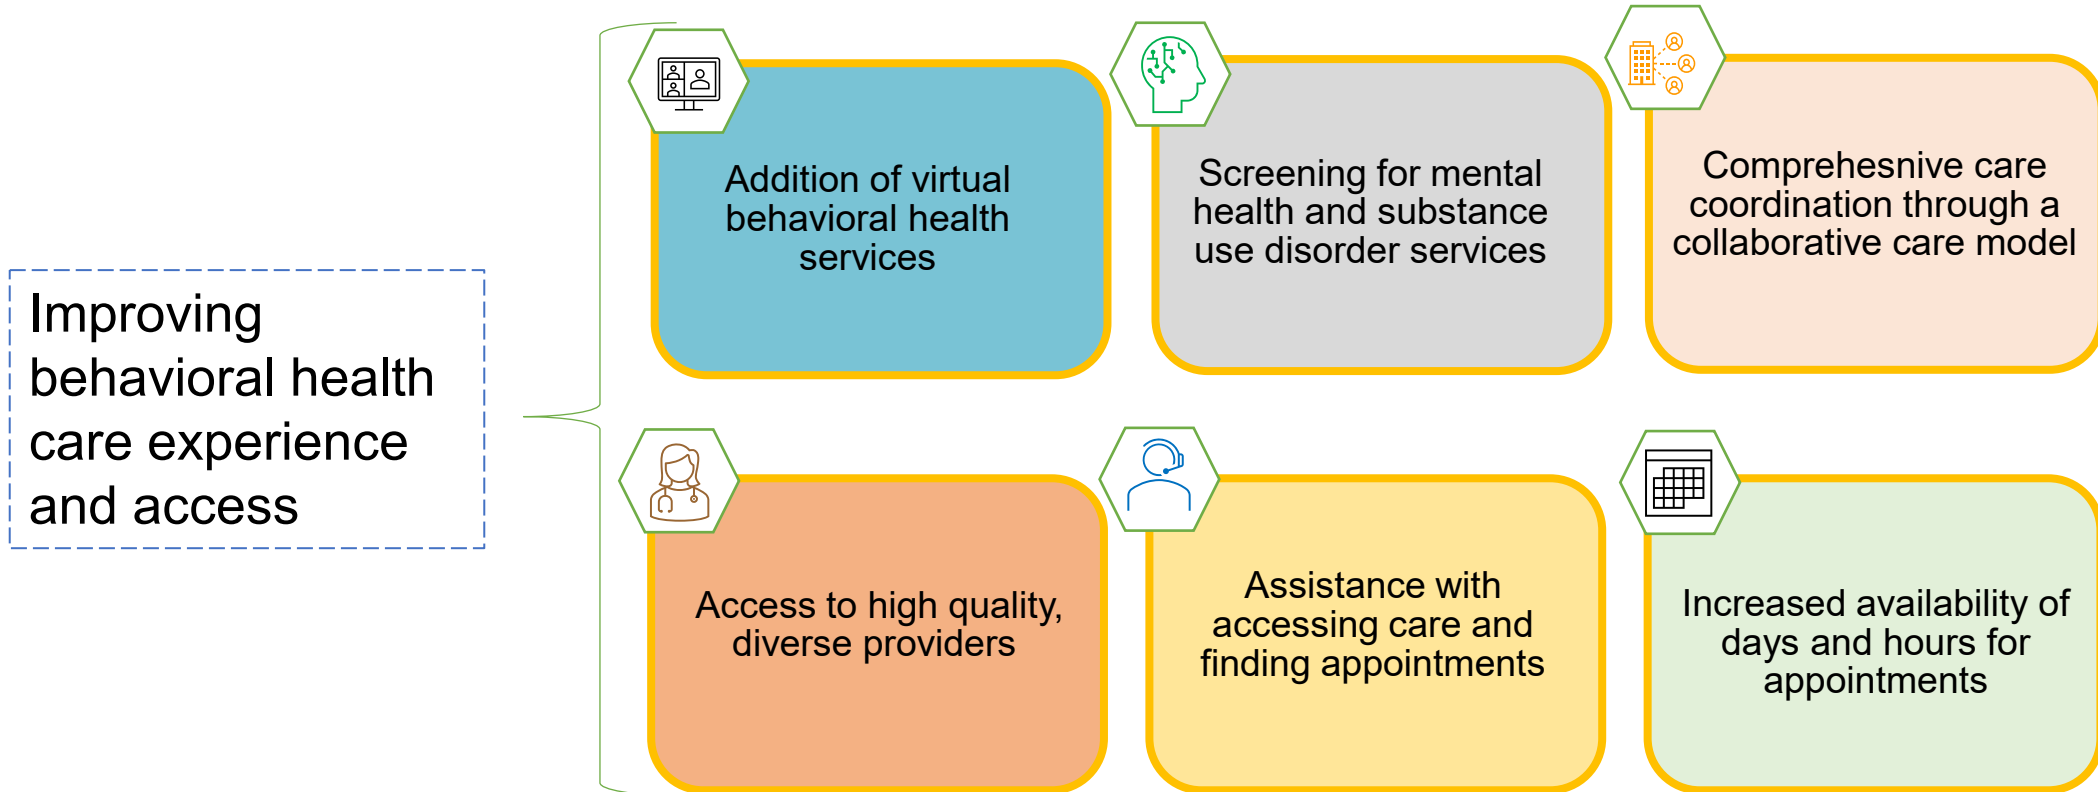

Most members helped by their counseling and treatment

Most members accessed counseling and treatment when needed

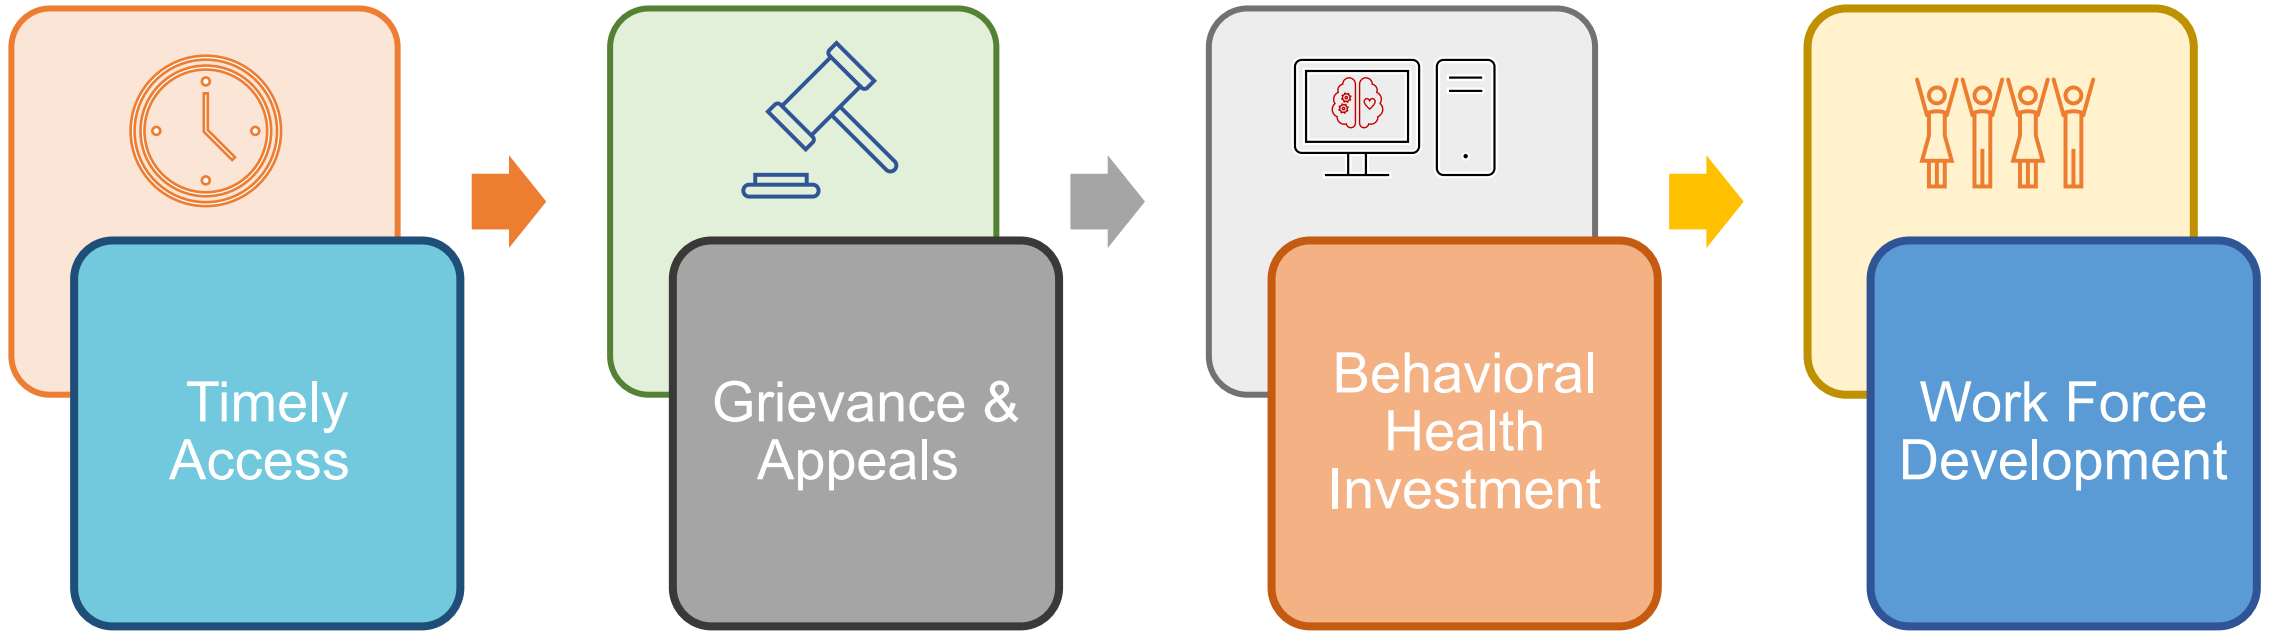

Screening for mental health by care team remained stable

Telehealth utilization for behavioral health decreased somewhat

PPO changes to improve access

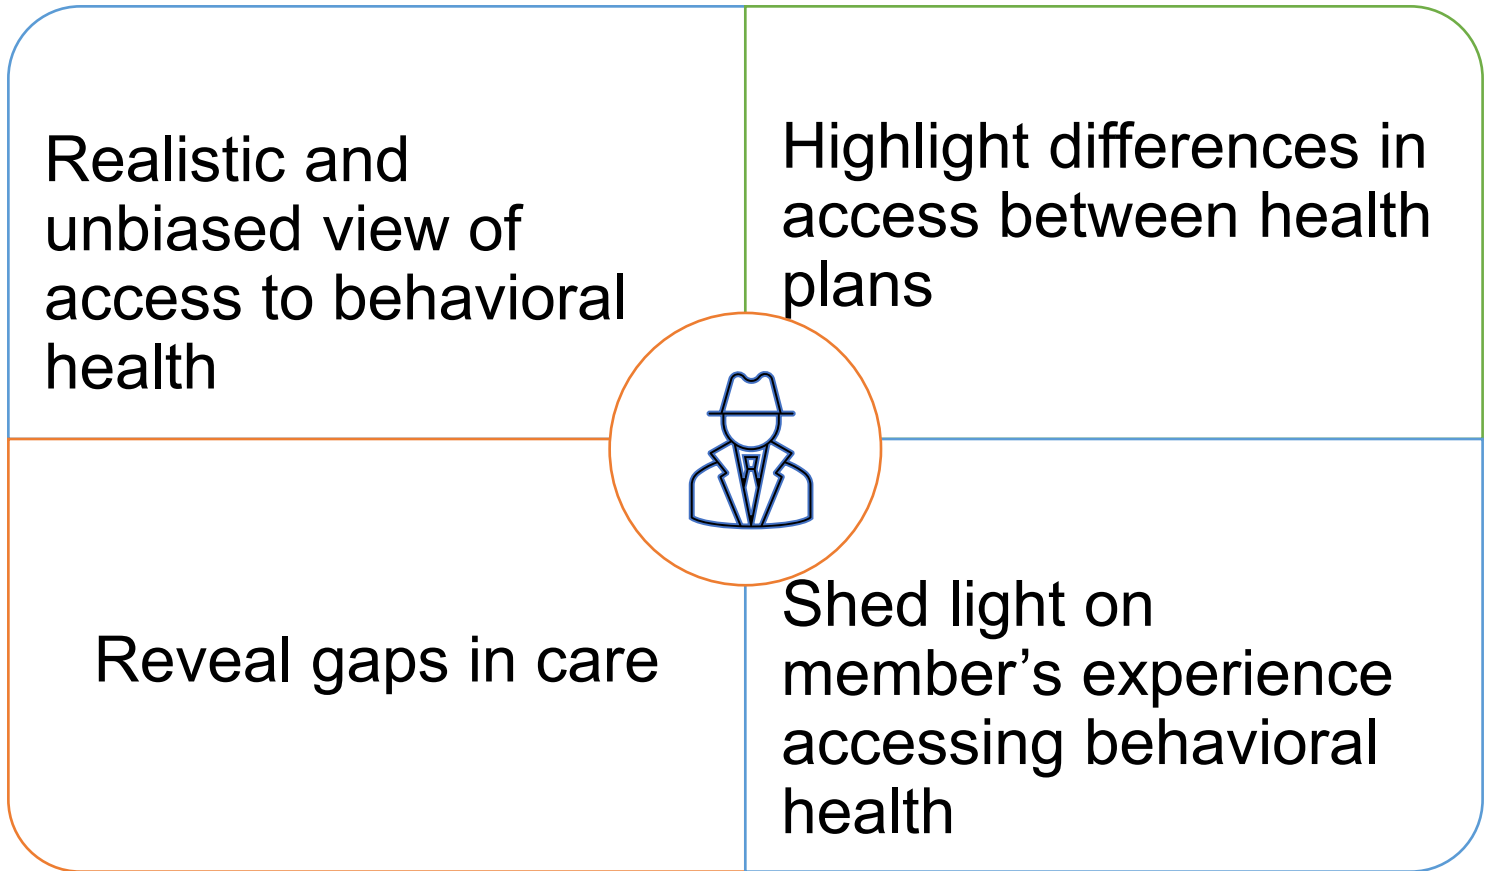

Next Steps

Timely Access (Secret Shopper Survey)

CalPERS will be working with UC Davis researchers to investigate timely access to behavioral health services through a Secret Shopper survey. What we hope to learn:

Deep Dive of Appeals & Grievances

Quarterly review of internal behavioral health Appeals and Grievances.

- Look for barriers to care
- Member experience

Implemented contract language changes to require plans to submit their prior authorization data. Intent is to observe if prior authorizations may increase barriers to accessing behavioral health care.

Reducing Stigma

Member tailored educational programs

Cultural Humility training

Increase accessibility to services

Leaning on community resources.

Engage member advisory committee

Behavioral Health Investment

Set Spending Benchmarks

Measure percentage of health care spend allocated to behavioral health.

Determine Payment Types

Identify providers, procedure codes and non-claims payments to consider for total spend.

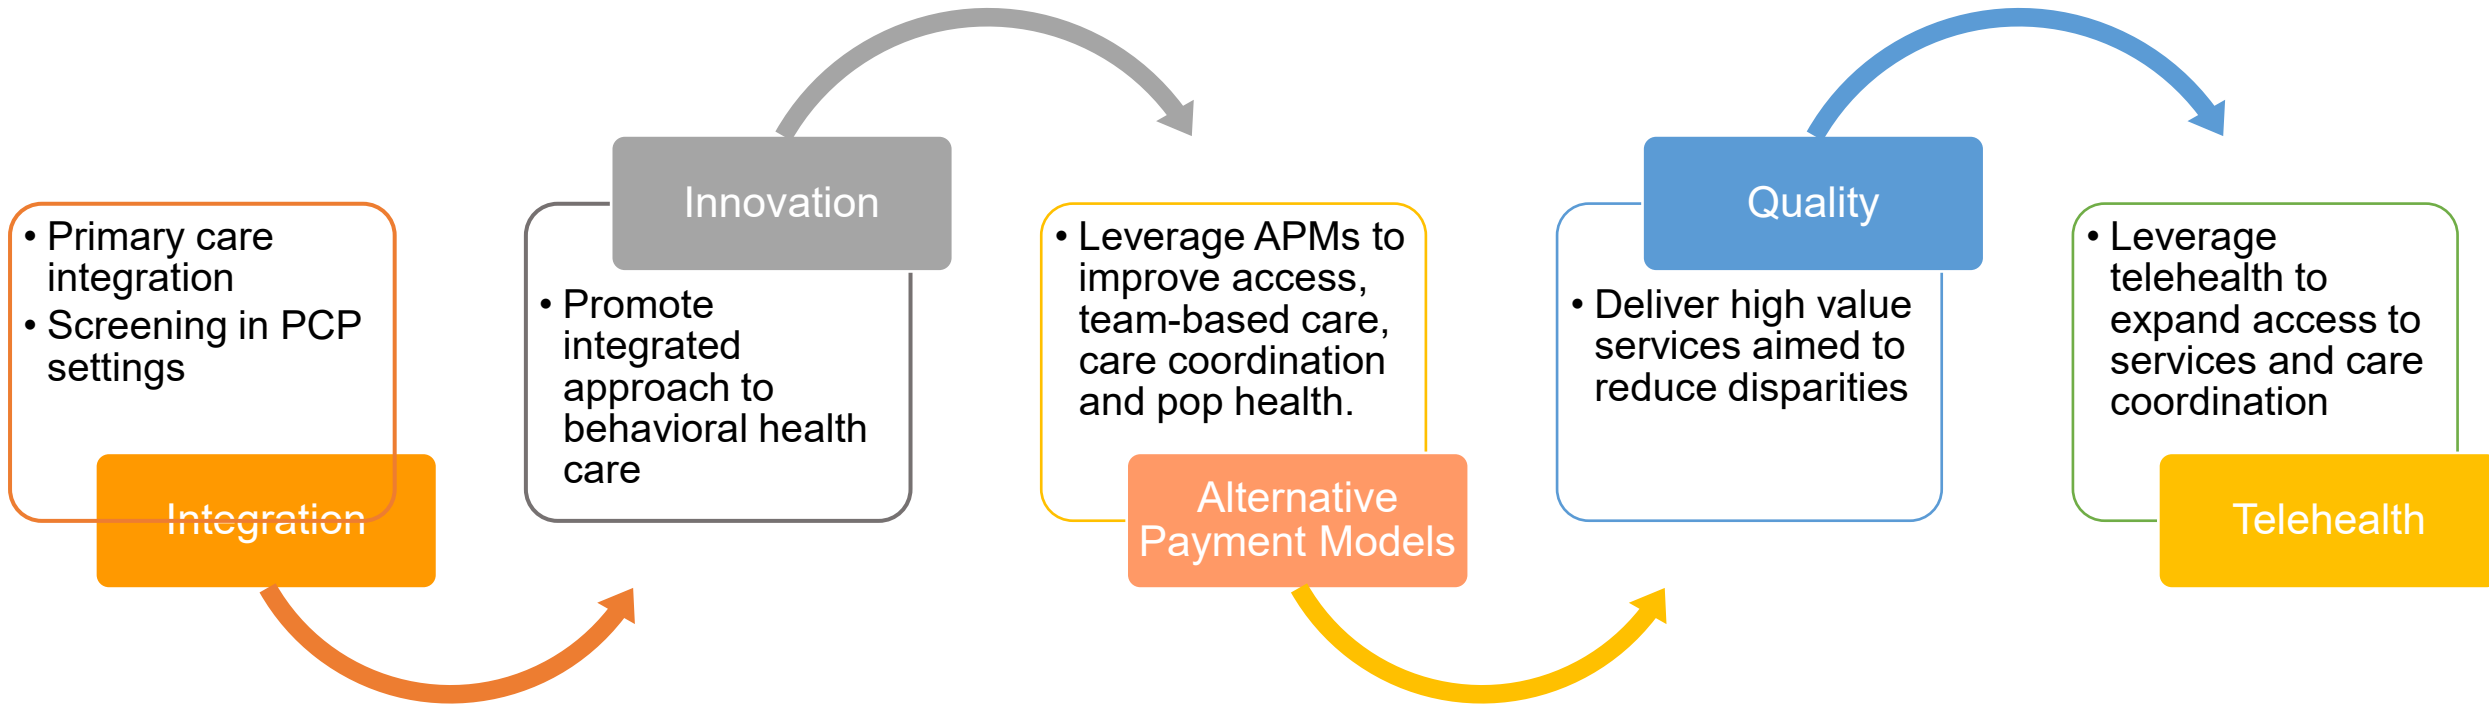

Shift Reimbursement

Shift resources/investments away from specialty to collaborative care model.

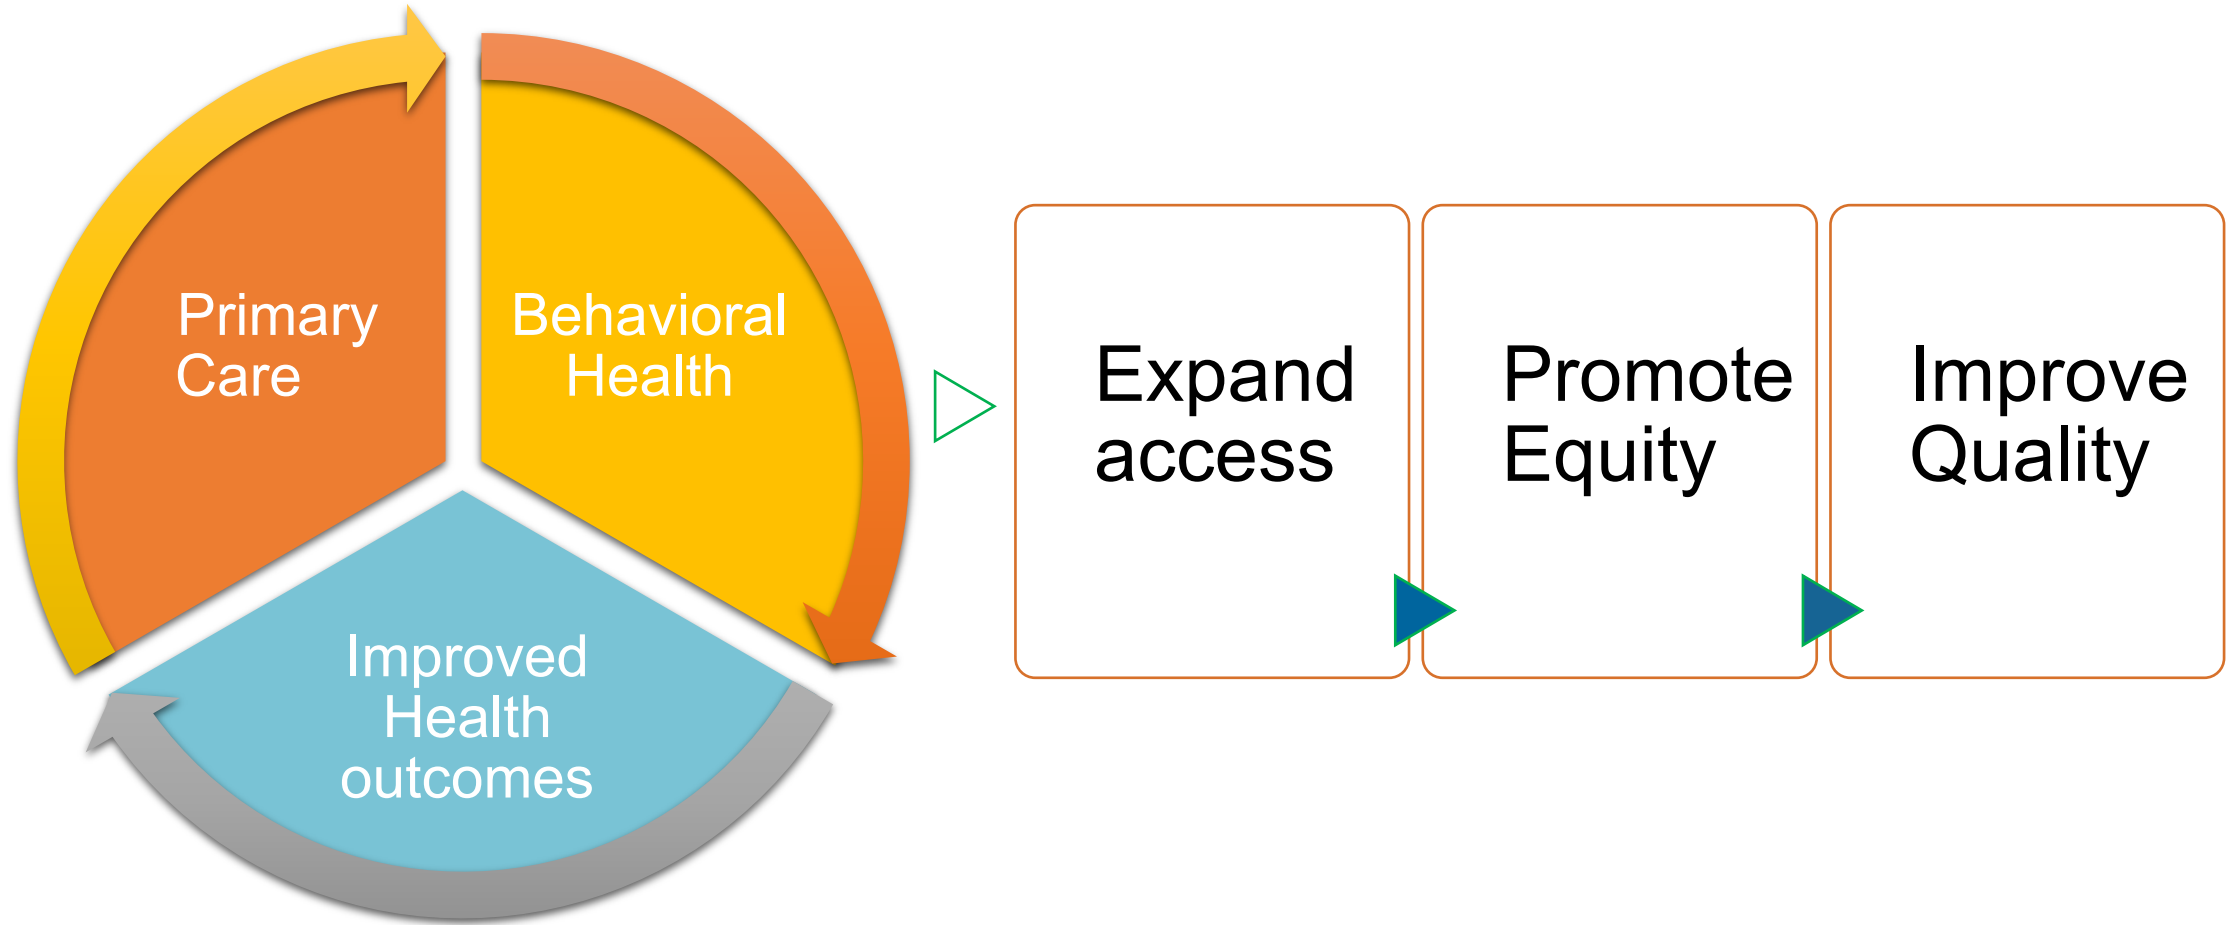

Alignment

Work with state departments to promote behavioral health investments

Promote Primary Care & Behavioral Health Investment

Push for integrated care

Questions and Discussion
