
2022-27 Strategic Plan

California Public Employees' Retirement System

A Message from Our Board President and Chief Executive Officer

Development of the *2022-27 Strategic Plan* was a reflective and collaborative process to establish future-focused strategic goals in alignment with the CalPERS Mission and Vision.

The work included the collection of feedback and observations from external stakeholders, CalPERS team members and leadership, and the Board of Administration. A current state assessment was conducted by analyzing our internal and external environments and peer-reviewed data. We examined the prior Strategic Plan, what key business aspects should remain, and what gaps we needed to fill.

Our aspiration and purpose have not changed; therefore, our vision and mission remain intact.

Five key focus areas provide a thoughtful and customer-oriented roadmap to lead our internal and external business partners to success. The *2022-27 Strategic Plan* articulates a comprehensive outlook towards achieving our mission while demonstrating accountability and transparency. It exemplifies CalPERS' promise to ensure that our pensions are sustainable, that we provide exceptional and equitable health care, and continue to serve our members. Furthermore, the plan reflects our commitment to diversity, equity, and inclusion (DE&I), both for our members and team.

The outlined goals and objectives provide a clear direction for our program areas while the measures show meaningful progress on performance. The plan guides our essential business processes, yet is agile enough to provide flexibility in a changing business environment.

Thank you to all those who have been involved and provided valuable input in the process of this endeavor. Your discussions, feedback, ideas, and contributions have been instrumental in creating a set of priorities that strengthens our ability to provide health and retirement benefits to our members and their beneficiaries.

We invite you to explore our *2022-27 Strategic Plan* and find meaningful ways to connect it with the work you do. CalPERS' commitment to excellence is only possible through the continued work of our valued team members. Through a clear understanding of the path ahead, we can serve those who serve California.

Sincerely,

Theresa Taylor
2022 President,
Board of Administration
