Program: Board of Administration

Item Type: Action

Recommendation

Based on the annual performance evaluation conducted by the Performance, Compensation and Talent Management Committee and Board of Administration, approve the Chief Executive Officer's 2022-23 incentive award and 2023-24 base salary.

Executive Summary

The Board of Administration's Compensation Policy for Executive and Investment Management Positions (Policy) requires an annual review of performance for each employee covered by the program. The Chief Executive Officer (CEO) is evaluated annually by the Performance, Compensation, and Talent Management Committee (Committee) at the close of each fiscal year, and final appraisal outcomes are approved by the full Board of Administration (Board). All members of the Board were encouraged to participate in the Committee's performance discussion.

As a follow up to the annual performance evaluation, the Board will approve the resulting 2022-23 incentive award and 2023-24 base salary.
