

Climate-Aware Investing in Global Public Equities

Summary of Discussion

CalPERS staff will give an overview of climate-aware investment opportunities in the global public equity asset class, covering both active and passive approaches.

FTSE-Russell, who collaborated with CalPERS to develop the customized CalPERS FTSE Climate Transition Index (CTI), will share insights from their annual global survey on sustainable investments and describe key building blocks used in their climate-aware index solutions.

CalPERS will conclude with a high-level description of the CalPERS FTSE Climate Transition Index (CTI).
