

California Public Employees' Retirement System

[Month DD, YYYY]

First Name and Last Name
Address
City, State Zip Code

CalPERS ID: xxxxxxxxxx

FINAL NOTICE

Dear [Recipient],

We're contacting you because we're missing a Social Security Number for your health dependent, [First, Last].

The Affordable Care Act requires a Social Security Number to be reported to the Internal Revenue Service for health coverage and tax reporting purposes. In addition, Social Security Numbers serve as a unique identifier that helps manage your health insurance coverage, claims, and benefits. Without accurate Social Security Numbers, your plan may encounter challenges in providing proper and timely services.

To ensure that the correct information is on file and relayed to your health plan for benefits and claims reimbursements, please provide your employer, State of California with a copy of the Social Security card for [First, Last] within the next 30 days.

For more information, visit our website at www.calpers.ca.gov. If you have questions, you may submit a message through your myCalPERS account or call us toll free at **888 CalPERS** (or **888-225-7377**).
